Brochures are for sale as a job lot, not individually, but feel free to shoot me questions on specific brochures if you like.

The whole lot fills a 4-drawer file cabinet to the brim, so figure on 4-5 storage boxes at around 10kg each. Buyer pays for postage and I'll be happy to try estimate size and weight for you to quote. Best value if picked up though.

Starting price at less than 50 cents per brochure, a bargain for collectors or automobilia sales shop owners. I'm happy to answer any questions. Good luck!
